

Certification Engineer - Job opening R30032021

Paradox Security Systems a High-Tech leading company in the world security for over 30 years with global sales to over 65 countries.

Working at Paradox means joining a dynamic, motivated, and competent team that takes the creation of an excellent product to heart. It also means being part of a team that creates innovative and stable systems and develop challenging projects with evolving technologies. We are looking for a passionate person who will have the opportunity to realize the concepts through his expertise and see the projects materialize. You will have the opportunity to see our products come to life in our manufacturing facilities. You will be joining our MIS team were there is a sense of unity in a great work environment.

Responsibilities:

- Define product specifications required by certification bodies (INTERTEK, UL, CSA, FCC, Industry Canada etc.) to obtain approval for market release.
- Collaborate with certification bodies in performing tests to assure that projects proceed accordingly.
- Coordinate external laboratory testing.
- Review engineering schematics, reports, analyses, correspondence, and data to be used for certification.
- Interface with company technicians, and outside suppliers to develop product design specifications and optimize production processes.
- Conduct meetings and technical presentations as well as maintain engineering files and company records.
- Ensure that products are labeled according to acquired certification.
- Lead engineering R&D projects using appropriate test resources.

Qualifications:

- Experience working in a QA/QC and manufacturing environments.
- Experience in electronic product certification and regulatory requirements.
- Knowledge with the quality standards required by UL, EN, CE and FCC to determine the certification requirements of a product.
- Interface between engineers and certification bodies.
- Project management skills.
- Bachelor's degree in electronics or proven equivalent experience

Soft Skills:

- Team player.
- Good communicator.
- Structured and organized.

At Paradox Security Systems Loyalty is our pride, 50% of employees have been part of Paradox team for more than 10 years.

Paradox offers a competitive salary and excellent conditions helping employees to achieve a work-life balance and offers great benefits including Group Insurances, RRSP contribution, Progressive Retirement Program, Referral premium, Financial aid for training and development course and reimbursement of professional association membership and Recognition years of service gift.
